

WE'RE HIRING! AIP INDUSTRIES IS LOOKING FOR A CNC PROGRAMMER TO JOIN OUR TEAM!

AIP Industries is looking to add to their team! We are looking to fill the role of *CNC Programmer* in order to increase machine shop throughput and continued growth of the department. AIP Industries is an 'Anything is Possible' machine shop working from prototype to production.

Company Description

Like you, we start where others stop! AIP takes on the toughest industrial business challenges to solve them with machine design technologies. By 2025, we aim to make \$1 Billion dollars of impact, by 2030, \$10 Billion. Our clients are as varied as the projects we undertake, from climate and cleantech, through energy sector and industrial manufacturing. We specialise in "never-been-done-before" and have demonstrated our ability to take value propositions from back of the napkin to manufactured products. As serial problem solvers, we invite the brightest, head – hand skill, lifelong learners to join our engineering team.

AIP Industries combines the best of 16 years of Area 51 Machine Design and 22 years of BRC Manufacturing. Together with our clients, Anything Is Possible.
